NEW TOOLS AT NEW REV

WEBSITE: This month, our new website will be activated. NewRevelation.church or NRMBC.church are the URLs. You will be able to interact with the church, stream the service, make donations, and remain informed about events at the church, so be sure to explore and get acquainted with the website.

PUSH PAY: The newest player in the online donating space will be PUSH PAY. Indeed, GIVELIFY will continue to operate. The website will give you access to Givelify and Push Pay. The use of Push Pay will have benefits. Push Pay provides all of your tax information in one convenient location. We will let you know when it's available.

Through **TEXT IN CHURCH**, the ministry is greatly strengthened. With this tool, we can easily keep you updated! However, your most recent information will need to be entered into the database. As soon as you receive a text message (or email) requesting that you update your information, please do so. We expect this to be our one-stop shop for church communications. We intend to hold a Senior Text Workshop soon to ensure that our seniors are proficient in texting, if they so choose.

DR. HURTT'S 3RD PASTORAL CELEBRATION - PICTURE GALLERY

We all had a great time commemorating our pastor's third anniversary on Sunday. *The spirit of God was in this place!* The message given by our guest speaker, *Pastor Larrin Robertson*, was a blessing. *Chef Christel* and her amazing team prepared and served a delectable feast after service. Pastor Hurtt was happy because his family was in the house!!
